

Elite Zippered Mattress Covers

We use a special tight zipper with very tiny teeth, an interior flap and exterior Bugstop seal. This insures that bed bugs cannot get in or out.

Our covers have no seams, pockets or folds.

The covers need only to be washed every 3 to 4 months if you do not have a bed bug issue. Between washings, simply wipe down with a damp cloth or vacuum with each linen change.

Use hot water to wash and do not use bleach. Tumble dry on medium heat.

Mattress covers will protect you and your mattress from bed bug, allergens and water as well as your investment. Elite Bugstop covers are waterproof, breathable, non-allergenic and fire retardant. Made from our luxurious knit fabric that is so soft to the touch you won't even know it is on the bed it's that comfortable.

Elite Mattress Cover Features:

- * Completely Waterproof - absolutely will not let liquid pass
- * Flame Retardant
- * Breathable - keeps you cool in the summer and warm in the winter
- * Hypo-allergenic - keeps dust mites from getting into the mattress as they travel from the top down
- * Can be washed often and dries quickly on permanent press cycle
- * Contours to the style of the mattress - does not compromise the comfort of a pillow top mattress
- * Sizes to fit all mattresses and depths
- * Easy application and removal
- * Laboratory tested and Certified Bedbug Proof – Independently tested
- * Bugstop seal and inner lining will keep everything out or in
