

## Ultrasonic Cool Mist Humidifier Ionizer

Banish dry air and replace it with cool, humidified air—goes anywhere you go. Perfect for the office, home or travel, our personal ultrasonic humidifier quietly issues a cool mist that improves air quality and helps moisturize skin. Simply use your standard water bottle (two bottle adapters included), and it will run for up to 12 hours without refilling

- ❖ Humidifying the air by vaporizing water with cool ultrasonic waves
- ❖ Built-in negative ion function for improving the air quality
- ❖ Variable vapor flow control with auto-stop function
- ❖ Compact size, but provides the same feeling as a large-sized humidifier
- ❖ Can be used as an aroma dispenser if you add a few drops of diluted essential oils to your water
- ❖ Removable bottle fills easily with tap water
- ❖ Calming blue night light helps you to rest and relax
- ❖ Comes with a piece of soft packing bag for travel
- ❖ Includes an AC 100-240V switching adapter
- ❖ 12 Watts

Humidification helps make you and your home more comfortable.

- ❖ Helps soothe dry air discomforts
- ❖ Helps safely restore soothing moisture to dry room air
- ❖ Helps protect furniture and keeps plants healthy
- ❖ Helps relieve static electricity
