- ❖ Pause button on handle with fully adjustable pressure control
- ❖ Includes 30 packets of Sinuair saline mix
- ❖ Includes 2 sinus irrigator tips, 1 pulsating sinus mist tip and 1 pulsating cleansing rinse tip
- ❖ Includes 2 contoured throat irrigator tips with advanced tongue cleaner function
- ❖ 360-degree tip rotation with lock and tip release
- ❖ Flex tip design for greater comfort and control
- ❖ Hypoallergenic design
- ❖ Leak-free and clog-resistant design
- ❖ Fully variable step less pressure control
- ❖ Intellipulse™ calibrated pulse rate
- ❖ Quiet operation so you won't disturb others
- ❖ High-capacity water tank with hygienic cover and measurement scale
- ❖ Soft, color-coded nasal tips for different family members
- ❖ Water hose features side-mounted, no-tangle design
- ❖ [Sinupulse replacement tips](#) fit Waterpik models wp60, wp70, wp72, wp90, sr400 and Interplak models wj7, wj8, and wj6
- ❖ Includes healthy sinus tips from Dr. Robert Ivker, bestselling author of *Sinus survival*
- ❖ FDA registered and CE and UL approved – 1 year limited manufacturer warranty

[SinuAir 30 pack Nasal Moisturizer & Irrigation Solution](#)
[SinuAir™ Powdered Saline Mix](#)

It's naturally formulated powdered saline mix for nasal moisturizing and sinus irrigation. The SinuAir unique formulation contains no preservatives, iodine, or silica that may harm sensitive nasal membranes. The SinuAir powder is designed to dissolve better to enhance the solution and minimize wear on the SinuPulse irrigator. It is recommended by leading healthcare professionals for sinus and allergy relief. For use as both a nasal spray and sinus irrigation solution it is formulated to approximate the body's natural saline. It is especially beneficial to thin nasal secretions and clear stuffy, blocked nasal passages.

You will feel much better right away. Take it from someone who uses it.

Lorne Chadnick,
The Allergy Guy
